

CUBBIES — LOCKERS & SHELVES

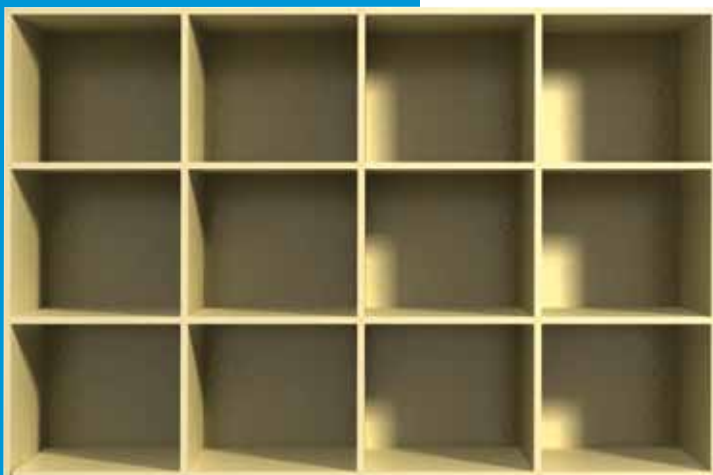

Cubby Locker

Cubbies are the ideal solution when non-locked, open storage is appropriate, such as in preschools/day care centers, churches, office supply/mail rooms, laundry rooms, and retail outlets — basically anywhere temporary storage is needed. Kids love them because they are the right size for little hands and the right height to hang their backpacks and coats on their own.

Our Cubbies are available in two styles: Lockers and Shelf. Both are available in high-density polyethylene (HDPE) — solid plastic — that makes them durable, resistant to scratches and dents, moisture-resistant, rustproof and never in need of painting. The Locker style is also offered in phenolic, when a higher degree of design flexibility is desired.

Standard Features

- ½" HDPE or phenolic construction
- Multiple designer colors
- Water resistant
- Easy to clean
- No painting ever

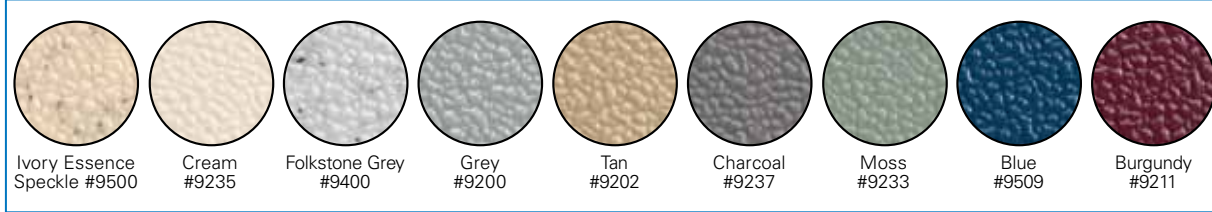

Cubby Shelf
